

Chapter 13 Status and Scheduling Conferences  
*Attention: Colo Springs & Pueblo attorneys especially!*

Chapter 13 Status and Scheduling Conferences for this division are conducted telephonically by the Law Clerk on a trailing docket beginning at 9:15 a.m. on Wednesday mornings. The conferences are scheduled 2-3 weeks out by Chambers upon the filing of a Certificate of Contested Matter without consulting the parties regarding available dates. We are aware that at times this practice may cause scheduling conflicts for debtor's or creditor's counsel (for example, a party may have a hearing before another Judge or a meeting of creditors scheduled for the same date and time). Accordingly, upon the filing of a timely written request, the Court will reschedule the status conference to a more convenient date. To avoid the need to file multiple motions, we suggest that the dates of upcoming Wednesday mornings in the near future on which counsel does have a conflict be included in the Motion.
