

## Document Linkage For E-Filers

The following listing of document linkages reflect what the Court has determined will best create an electronic 'packet' for the Judges, Chambers Staff and Case Managers to use in administration of cases. Electronic Filers may choose to link their document to other pleadings in addition to those listed below. Only those documents that allow linkage are listed here. In some cases, linkage is optional because the document may or may not have been filed. If a document indicated below is in the 'Link To' column exists, link to it.

NOTE: Only those documents that allow for linkage are listed here. Documents that do not require or allow for linkage are not listed here. **New Event linkages under the new Bankruptcy Reform Act are in bold, red letters.**
