

## Hearing Procedures

Pursuant to L.B.R. 3015-1, debtors are required to file Local Bankruptcy Form 3015-1.3 - Verification of Confirmable Plan or Local Bankruptcy Form 3015-1.4 - Confirmation Status Report ("CSR") no later than **7 days prior** to the hearing on confirmation.

If the CSR is timely filed and the Court is provided sufficient information to forego the Monday afternoon confirmation hearing, the attorney may not have to appear at the hearing. If the Court has determined it has received sufficient information, it will issue a written order providing the relevant deadlines for the amended plan (i.e. time for filing the plan and notice, extent of notice, deadline for filing objections to the amended plan and the date of the continued confirmation hearing).

If the CSR is timely filed and requests an evidentiary hearing, or if the CSR does not provide sufficient information to forego the initial confirmation hearing, the attorney will not have to appear in person at the hearing, but will be allowed to appear by telephone.

If the CSR or a verification of confirmable plan is NOT timely filed, the attorney must appear in person at the hearing.

If no order confirming the plan or vacating and rescheduling the hearing has been issued, the attorney should assume that appearance is required. If a telephonic appearance is allowed, the docket posted on the Court's website will include the call-in information.

The phone number for telephonic appearances is 1-888-684-8852 - access code 9288499.
